SUMMARY

As you already know, my name is Ramiro Gracia, and I am a Software Engineering student. From a young age, I have been passionate about technology. My curiosity and desire to understand this world led me to choose this path, and I have no regrets.
My passion for technology has made me a proactive person, always looking beyond a single solution to a problem.
I love learning about new technologies and putting them into practice. I pride myself on my teamwork skills and effective communication.
I am excited to embark on my journey in this vast and fascinating field.
